

## CONGRATULATIONS. . .

. . . .on the purchase of your new Artograph DB 300 projector. The DB 300 is an all new opaque projector designed to bring to the artist new standards of performance and versatility in professional art projection.

You will find that the DB 300, without sacrificing the technical excellence of all Artograph projectors, has adopted contemporary design, materials and construction. Its light weight and small size gives it portability unique to projectors of its kind.

**Principally designed as a drawing board projector with a range of 3x enlargement to 3x reduction, the DB 300 can be used to enlarge to over 18x on a vertical surface.**

Please read the information and instructions on the following pages. They will give you a thorough understanding of your new projector and will assist you in maximizing its productivity in your studio.

Should you have need of additional information or help with your DB 300 please feel free to contact your local dealer or Artograph, Inc. directly in Minneapolis.

Sincerely,

Artograph, Inc.
